FOR GENERAL

This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.

FOR INSTALLATION

Use a power cord with this product's power specifications or higher and use the power cord for this

- appliance only. In addition, do not use an extension cord. • Do not use it together with a power strip or other device.
- Do not extend the power cord.
- Connect power matching to voltage / frequency / rated current conditions.

The installation of this appliance must be performed by a qualified technician or service company. Do not attempt to install the air conditioner yourself.

Install an Isolation Switch next to the Air Conditioner (but not on the panels of the Air Conditioner) and circuit breaker dedicated to the air conditioner

Do not install this appliance near a heater, or flammable material. Do not install this appliance in a humid, oily or dusty location, in a location exposed to direct sunlight and water (or rain). Do not install this appliance in a location

This appliance must be properly grounded. Do not ground the appliance to a gas pipe, plastic, water pipe, or telephone line. • Make sure to use a socket-outlet with ground.

/İ\ CAUTION

When installing the outdoor unit, make sure to connect the drain hose so that draining is performed correctly. • The water generated during heating by the outdoor unit may overflow and result in property damage.

In particular, in winter, if a block of ice falls, it may result in injury, death or property damage.

Do not install the product in a place where thermo-hygrostat is needed (such as server room, machinery room, computer room, etc.)

• Those places do not provide guaranteed operation condition of the product therefore performance can be poor in these places.

FOR POWER SUPPLY

∕<u>I</u>\ WARNING

Do not pull or excessively bend the power line. Do not twist or tie the power line. Do not hook the power line over a metal object, place a heavy object on the power line, insert the power line between objects, or push the power line into the space behind the appliance.

(1)

If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

FOR USING

/ WARNING

If the product has been immersed in water or shows any abnormal sign, please contact the Customer Service Centre. Do NOT arbitrarily disassemble, repair or modify it.

In the event of a gas leak (such as propane gas, LP gas, etc.), ventilate immediately without touching the power line. Do not touch the appliance or power line.

- Do not use a ventilating fan.
- Do not touch the circuit breaker with wet hands.

After unpacking the air conditioner, keep all packaging materials well out of the reach of children, as packaging materials can be dangerous to children.

- If a child places a bag over its head, it may result in suffocation.
- Do not touch the air-flow blade with your hands or fingers during heating.
- Do not insert your fingers or foreign substances into the air inlet/outlet of the air conditioner.
- Do not place an object near the outdoor unit that allows children to climb onto the machine. • This may result in children seriously injuring themselves.
- If any foreign substance such as water has entered the appliance, cut off the power supply and contact the nearest service centre.

Check that the installation frame of the outdoor unit is not broken at least once a year.

Do not install the product in a ship or a vehicle (such as a campervan). Do not stand on top of the appliance or place objects (such as laundry, lighted candles, lighted

cigarettes, dishes, chemicals, metal objects, etc.) on the appliance.

Do not spray volatile material such as insecticide onto the surface of the appliance.

When replacing the remote control batteries, keep them out of the reach of infants.

• If an infant eats batteries, contact a doctor immediately Do not use this air conditioner to preserve precision equipment, food, animals, plants or cosmetics, or

for any other unusual purposes.

FOR CLEANING

/! WARNING

Before cleaning, servicing, or performing maintenance, make sure to disconnect the product from its

∠!\ CAUTION

Take care when cleaning the surface of the heat exchanger of the outdoor unit since it has sharp edges.

• This should be done by a qualified technician. Please contact your installer or service centre.

FOR R-32 REFRIGERANT

/! WARNING

If the air conditioner malfunctions or requires repair, immediately stop its operation and disconnect the entire power system. Then consult the authorized service personnel.

Do not use means to accelerate the defrost operation or to clean, other than those recommended by Samsung.

Be aware that refrigerants may not contain an odour.

The product shall be stored in a room with no ignition sources (e.g. open flames, gas appliance, electric heater, etc.).

• Note that the refrigerant has no odour.
