Connect USB side of the charging cable to your regular adaptor (5V/1A) and plug-in the other side at the bottom of trimmer. While charging, the indicator will light up in red colour. The charging time is 2 hours and when fully charged, it can be used for about 60 mins.

Push the switch button to ON to turn on the trimmer.

HOW TO USE COMBS ATTACHMENTS

On Hair Trimmer:

1. Comb installation: Install the comb along two sides of the hair trimmers head and make sure at the time of installation trimmer is in switch OFF mode.

2. Manually push the comb and adjust the gear, there are 5 gears as options.

**On Body Groomer:**

1. Make sure the groomer is in OFF state before changing the combs. There are four comb attachments of 3,6,9 &12mm respectively for different length cutting.

2. Push the comb button as shown in the picture:

**Maintenance of the blades:**

Hold the handle of the groomer firmly and push the upper part of the blade away from the lower trimmer body.

Using the brush, clean the blade in order to remove hair which may be caught between the blades. Lubricate the space between the stationary and moving blades with 2 or 4 drops of oil after every few uses.

To reassemble, push the blades until they click firmly into position.

How to use the toggle Button:

Push the toggle Button up or down to adjust the moving blade part for different lengths cutting. It can only be used with the hair trimmer or body groomer.
