Description of Parts:

- 1 Charging Case Button-Press the button to know the status of the battery in the charging case. If the light turns steady blue it means the charging case has sufficient power. If the blue light flashes slowly, it means the battery is low. When there is no battery power, the light will be off.
- 2 LED Indicator
- 3 Charging Port
- 4 Charging Connectors
- 5 Built-in Microphone
- 6 MF (Multi-Function) Button
- 7 Earbuds LED Indicator

INSTRUCTIONS FOR USE:

Charging Instructions:

The Charging Case and Bluetooth Earbuds come with a built in rechargeable battery. Before using it for the first time we recommend you charge the battery fully. Please recharge the battery by following either methods every time they drain out.

To charge the Charging Case (without Bluetooth Earbuds):

Plug the Micro USB end of the included USB charging cable into the charging port of the Charging Case. Plug the other end into a suitable USB port such as the one on your computer or other devices made for USB charging. The LED indicator flashes red to indicate that its being charged.

It takes about 2 hours for the case to charge fully. When the battery is fully charged, the red LED light will stay on.

To charge the Bluetooth Earbuds:

1. After fully recharging the Charging Case, disconnect it from charging.
2. Put the Bluetooth Earbuds into respective charging slots ` correctly, and close the Charging Case.
3. The LED indicator on the Charging Case turns blue to indicate that the battery of the Earbuds is being charged. It takes about 2 hours for the Earbuds to fully charge. When the battery is fully charged, the blue LED indicator light on the Charging Case will turn off.

Turning on/off the Bluetooth Earbuds:

Take out the Earbud from the Charging Case, it will turn on automatically (Or, if the Earbud is not stored inside the Charging Case, press and hold the MF button of the Earbud for 3 seconds to turn ON.)

Press and hold the MF button of the Earbud for 3 seconds to turn OFF the device. (Or, put the Earbud back to the Charging Case, it will turn off for recharging automatically.)

Pairing both Bluetooth Earbuds with Bluetooth devices (phone or tablet that support call-answering):

- Take out both Earbuds from the Charging Case, it will turn on automatically and the LED flashes red and blue (*Or, if both Earbuds are not stored inside the Charging Case, press and hold the MF button of the Earbuds for 3 seconds to turn ON. An indication tone will be heard and the LED flashes red and blue.)
- After few seconds, you would hear another indication tone when both Earbuds connected together. The LED light indicator on the right Earbud will flash red and blue, and the LED light indicator on the left Earbud will flash blue slowly.
- At this point, activate the Bluetooth function on your mobile device, and search for Bluetooth devices near you.
- Once you have activated Bluetooth on your mobile device, select the "SL TrueBeats Pro" from the list of available Bluetooth devices.
- Once paired successfully, an indication tone will be heard and the LED on both units will flash blue slowly.

Making a call with the Bluetooth Earbuds in Stereo pairing mode Basic operation:

Function	Operation	Button
Answer incoming call	Incoming Call	Short press the MF button of one Earbud to answer an incoming call.
Reject incoming call	Incoming Call	Press and hold the MF button of one Earbud for 1.5 second and release
End call	Incoming Call	After your phone conversation, short press the MF button of one Earbud
Redial last number	Standby mode and connected to a device	Short press the MF button of the right Earbud 3 times quickly

Note: both Earbuds support phone conversation.

Listening to Music Wirelessly in Stereo pairing mode:

Please ensure that your device (iPhone, Tablet or Other Smart Phone) is paired with the Bluetooth Earbuds to stream music wirelessly. Once it is paired, play music from your device.

Function	Operation	Button
Pause	Playing music	Short press the MF button of one Earbud will pause the music
Play	Pausing	Short press the MF button of one Earbud will resume the music
Previous Track	Playing music	Short press the MF button of the left Earbud twice
Next Track	Playing music	Short press the MF button of the right Earbud twice

Note: Other functions including volume increase/decrease, you may need to control through your source device.

Pairing either one Bluetooth Earbud with Bluetooth devices (phone or tablet that support call-answering):

- Take out one Earbud from the Charging Case, it will turn on automatically and the LED flashes red and blue (Or, if the Earbud is not stored inside the Charging Case, press and

- hold the MF button of the Earbud for 3 seconds to turn ON. An indication tone will be heard and the LED flashes red and blue.)
- Place the Bluetooth Earbud and Bluetooth device (phone or tablet that support call answering) no further than 1m apart from each other;
 - Activate the Bluetooth function on your mobile device. Please refer to the manufacturer's instructions for instructions on enabling Bluetooth on your device.
 - Once you have activated Bluetooth on your mobile device, select the "SL TrueBeats Pro" from the list of available Bluetooth devices.
 - If required, enter the password '0000' to confirm & finalize pairing.
 - Once paired successfully, another indication tone will be heard and the LED will flash blue slowly.
 - You can now start to use the Earbud.
 - If pairing is unsuccessful, turn off the device first and then re-pair following the above steps.
 - Once you have paired the Bluetooth Earbud with a mobile device, the Earbud will remember this mobile device and will pair automatically when its Bluetooth is activated within the range, during subsequently pairing. You do not need to re-pair any previously connected devices.
 - The Bluetooth Earbud will attempt to automatically connect to the last device it was paired with when switched on. If you want to pair it with a new device, please follow the steps outlined above.

Making a call with the Bluetooth Earbud in Bluetooth mode Basic operation:

Function	Operation	Button
Answer incoming call	Incoming Call	Short press the MF button to answer an incoming call.
Reject Incoming Call	Incoming Call	Press and hold the MF button for 1.5 second and release
End call	Incoming Call	After your phone conversation, short press the MF button
Redial last number	Standby mode and connected to a device	Short press the MF button 3 times quickly

Listening to Music Wirelessly:

Please ensure that your device (iPhone, Tablet or Other Smart Phone) is paired with the Bluetooth Earbud to stream music wirelessly. Once it is paired, play music from your device.

Function	Operation	Button
Pause	Playing music	Short press the MF button will pause the music
Play	Pausing	Short press the MF button will resume the music
Next Track	Playing music	Short press the MF button twice

Note: Other functions including volume increase/decrease, previous track, you may need to control through your source device.

Voice Assistant Operation:

Voice Assistant is a built-in interactive feature that allows you to Start Conversation with Your Siri or Google Assistant, with short press the MF button of the left Earbud (when using both Earbuds) 3 times quickly.

This feature enables you to ask questions and seek assistance on a number of things from your Voice Assistant, even when you're several feet away from your phone. Below are some of the many examples listed below.

Note: Google Assistant is available on eligible Android 5.0 devices or later. Works on Lollipop, Marshmallow and Nougat Android Phones with Google Play Services, >1.5GB of memory and 720P or higher screen resolution. Please ensure Google Assistant App is downloaded and made as default Voice Assistant on your mobile device.

SERVICE AND REPAIR: If the service is required for the product, the purchaser should contact Acetron Trade LLP Customer Service at support@acetron.in or by calling 1800 22 2468.

Disputes if any shall be subject to Mumbai Jurisdiction only.

SOUNDLOGIC
by Itek™

While the Earbuds are paired using Bluetooth, short press the MF button of the left Earbud 3 times quickly and release to start conversation with your Siri or Google Assistant. An indication tone would be heard before you speak into the Earbud.

- Example 1: Short press the MF button of the left Earbud 3 times quickly and release, then speak into the Earbud(s), how's the weather today?
Voice Assistant will reply with something like: mainly cloudy with a few showers.
- Example 2: Short press the MF button of the left Earbud 3 times quickly and release, then speak into the Earbud(s), what's the time now?
Voice Assistant will reply with something like: it is 8pm now.
- More examples:
Set an alarm for 7am tomorrow.
Play some music.
What's in the news?

Care and Maintenance:

Read the following recommendations before using the Bluetooth Earbuds. Following these you will be able to enjoy the product for many years.

- Don't expose the Bluetooth Earbuds to liquid, moisture or humidity to avoid the product's internal circuit being affected.
- Don't use abrasive cleaning solvents to clean the device.
- Don't expose the device to extremely high or low temperature as this will shorten the life of electronic devices, destroy the battery or distort certain plastic parts.
- Don't dispose of the device in a fire as it will result in an explosion.
- Don't expose the device to contact with sharp objects as this will cause scratches and damage.
- Don't let the device fall on the floor. The internal circuit might get damaged.
- Don't attempt to disassemble the device as it may get damaged if you are not professional.
